

**LABOUR COST**

**ANNEXURE II**

SI No	Labour and Electricity Charges	1000KVA	1600KVA	2000KVA	3000KVA	3150KVA	5000KVA	7500KVA	8000KVA
1	Dismantling								
	HV Winding per phase								
	LV Winding per phase								
	Total 3 Phase complete winding								
2	Fixing								
	HV Winding per phase								
	LV Winding per phase								
	Total 3 Phase complete winding								
3	Dismantling								
	Core-coil assembly for 1 phase								
	Core-coil assembly for 2 phase								
	Core-coil assembly for 3 phase								
4	Fixing								
	Core-coil assembly for 1 phase								
	Core-coil assembly for 2 phase								
	Core-coil assembly for 3 phase								
5	Tank dismantling								
6	Tank fixing								
7	Meggering the job in the heat chamber to the following value								
	HT to Earth-2000Mega Ohm at 30 Deg C								
	LT to Earth-2000Mega Ohm at 30 Deg C								
	LT to HT-2000Mega Ohm at 30 Deg C								
8	Testing and Supervising								
9	Extra Labour charges on OLTC dismantling								
10	Extra Labour charges on OLTC fixing
